

garden waste

COLLECTIONS SUSPENDED

FROM 2ND AUGUST FOR 4 WEEKS

Our sincere apologies.

However this will enable crews to catch up with all recent missed household waste & recycling collections (including excess recycling).

Please leave out missed containers for collection.

Note: Collections could happen as early as 7am.

FOOD WASTE COLLECTIONS

are also temporarily suspended. Please mix food waste in your household waste container. To help prevent animals ripping open sacks in search of food waste, residents on sack rounds can put your usual food caddy out alongside your refuse sacks if you wish, but food inside the caddy does need to be contained within a sealed bag.
