15 minutes to save the life of someone you care about

Since May 2021 nine people have died in accidental house fires across Derbyshire.

The majority of these fatal fires took place in the home of someone over the age of 60 and living alone. This could be your parent, grandparent, friend, or neighbour!

A 15-minute DIY Home Fire Safety Check will help identify if someone you care about is at risk of a fire in their home.

Taking just 15 minutes out of your busy day to help someone you care about, complete our simple online DIY Home Fire Safety Check, will help them live safe from the risk of fire in their home. It's not a lot to ask, so do it today – find the time:

Take a detour on your way home from work

Go on the way home from the gym

Call before you go shopping

Go 15 minutes earlier when you pick them up for Sunday dinner!

You can access the online DIY Home Fire Safety Check at

www.derby-fire.gov.uk

and follow the 15 Minutes to Save a Life campaign link

or by scanning the QR code
